

IATSE 8 General Safety Speech for Outdoor Venues 2016

- Hard Hats and Steel Toe Safety Boots must be worn at all times. If you do not have a hard hat we will provide one. Gloves are recommended.
- Drink plenty of water and Gatorade to keep hydrated. There is water and Gatorade provided by the Employer.
- Use walkways provided by security to avoid moving vehicles.
- Don't walk behind a moving vehicle or forklift. No riding on Forklifts and no walking under the load of a forklift.
- Look out for each other, if someone looks dazed or confused tell a head so we can evaluate them.
- No cell phones or smoking on the site (This includes smoking substitutes). You can also use your cell phones on break time.
- No riding Bicycles or Skateboards during work hours and no headphones, earbuds or playing of radios on worksite.
- If you are climbing more than 6 feet you must have a harness. If you do not have a harness, we will provide you with one. Inspect your harnesses daily.
- Safety off all tools in the air.
- When the crane is in use keep talking to a minimum, only one person signals the crane at a time. You must be certified to signal the crane.
- You must wear a Hi Viz Shirt or Safety Vest when working in the street.
- You must wear Safety Goggles when using Power Tools or Cutting.
- 2 people pushing all boxes going up or down a ramp, 4 on larger boxes.
- Put your foot up behind you when you stop.
- **Insert Weather Report**. If it rains work at half speed. We are monitoring lightning strikes and will inform you in the event of an evacuation. If this happens go inside the building not in a tent. Rain Jackets and Rain Pants are recommended.
- If you are hurt on the job you must report it immediately to a head of department. **Paramedics are on channel ?**.
- If you are impaired for any reason you will be sent home.
- **Name Stewards and Production Heads**
